

IECA Conference-March 5th, 2022

Governance vs Supervision

Round Table Discussions

Scenario 1:

You are a council member, and also a 4-H volunteer.

You are helping at the county fair where a family approaches you because their child's project was disqualified. The parent, "I know you are a council member, and I'm asking you to make this right."

What do you do?

Scenario 2:

A program specialist contacts county staff about a program they'd like to hold. To schedule the program, the specialist charges \$200 to cover mileage and allows the county to determine the registration fee for attendees. How should the county proceed in program planning for this event?

Scenario 3:

Your office has run out of storage and is exploring options to build a new storage shed. This shed could cost between \$10,000-\$15,000. What role does the council play in this process?

What is the Regional Director/County Director's responsibilities?
